Engage Playbook

The History Behind the Engage Playbook

We developed Vensure Engage to empower employees to be a driving force behind the success of the Vensure family of companies. The Engage Playbook originated with our Division Partner, Avitus Group, and is an integral part of helping employees feel confident enough to offer solutions to clients as they listen and interact with them. With over 50 solutions to offer, there's a solution for everyone, and all clients and employees can benefit from Engage. Employees have the opportunity to earn rewards for inviting clients to consider additional services which will, in turn, simplify their business. The Engage Playbook is our way of inviting our employees to directly impact the growth and success of the company and their careers and equip them with the resources to be able to do so. I'm very proud that we are able to bring this incredible initiative to our Vensure family and hope everyone will take advantage of the amazing opportunity to be a part of our continued successes.

—Alex Campos, CEO

Engage Playbook

Vensure Engage: What Is It?

At Vensure, we are all about putting our employees first. Ensuring everyone in every department knows they are making an impact is why we developed this program. Engage is a program to **empower** employees through **educating** them on solutions Vensure has to offer—while giving you the opportunity to **elevate** your income at the same time. It's our goal to ensure employees feel they can have a positive impact on the company and the businesses they work with. Through the Engage program, you have the potential to directly impact Vensure's service delivery and bottom line, making you an integral part of the company's overall success, while learning all about what Vensure has to offer.

With Engage, you'll be **educated** on our 50-plus solutions designed to help business owners simplify their business, take that education and share it with current or future clients, and submit referrals for services to **elevate** your income. You'll receive a cash bonus if your referral closes, which is extra income in your pocket. With the right resources and potential to earn additional income, you'll feel **empowered** to be part of something bigger—the more you know about how Vensure can help clients be successful, the more empowered you'll be to refer solutions and earn extra bonuses.

Engage Playbook

About the Engage Playbook

Each employee receives this Engage Playbook, containing all the information you need to feel educated and empowered to communicate with current and potential clients, about any solutions you feel could help simplify their business. We know selling solutions might sound like a difficult ask—not everyone is comfortable with sales. But that’s what makes Engage different. **You don’t need to be a salesperson or an expert in all 50-plus solutions to take advantage of the program.** Everything you need is right here in this playbook.

Got a client who wants to offer their employees a retirement plan? Flip to that page on 401(k), and you’ll have enough information to confidently talk to your client about this offering. Do you know a client that has been tracking their employees’ time manually and could use our time and labor management offerings? Same thing! Just flip to the Employer Solutions section and review the information. Be empowered through this educational tool, then submit your referrals to elevate your income! Each service has a specific dollar amount that you will earn once the referral closes.

Know Your Company

The Vensure Mission

Our mission is to empower entrepreneurs to build stronger companies by providing innovative solutions and unparalleled service.

We want every employee to feel empowered to take an active role in Vensure's continued success. It is our mission to elevate, educate, and empower employees to do the very same for our clients through the Engage program, and this Playbook is how. We're giving you everything you need, right here, on all 50-plus solutions so you can confidently approach anyone who might benefit from one of them—or more—and earn additional bonuses while positively impacting the company overall.

Get There Faster

We believe that businesses experience accelerated growth by partnering with the Vensure family of companies. Our solutions and processes are all designed to help business owners achieve their idea of success faster.

The Vensure Core Values – HORIZON

Vensure's History

Founded in 2004, Vensure Employer Solutions was built on the foundation of providing business owners with trusted PEO services. In less than 20 years, our company has grown to be the largest privately held PEO organization, with over 50 service offerings and more than 80 Division Partners. That growth didn't happen by chance, it has come with the dedication of our internal employees, who now surpass 5,000. It takes conversation and relationships to create the kind of impact we see at Vensure. Your efforts to serve our clients and worksite employees is exactly why Vensure Engage was created. Your recommendation of our company to your family, friends, and clients shows your commitment to Vensure, and we are excited to repay that commitment with payouts and rewards!

Understanding Your Role

You Don't Need Sales Experience!

Don't worry if you don't have any sales experience. This Playbook is your tool for accessing information on Vensure solutions to engage a client's interest. It's your personal, pocket-size resource.

Each solution has its own page with a detailed description. You regularly interact with clients, so when you hear them say something like, "We've been having a hard time finding the right talent," you can flip to the page on Recruiting Services and provide the right amount of information to engage interest. This shows them that you are listening to their concerns, and have a solution!

Submit referrals online through vensure.com/engage and complete the form with as much detail as possible. Once the client or prospect starts the service that was referred, you will receive a referral bonus on your first paycheck following 90 days post-start (the referral bonus will vary based on the service referred).

Have a question about Engage? Email engage@vensure.com.

Earning Referral Income

Overview

Our favorite part of Vensure Engage is the opportunity to pay **you** for your dedication to both our company and our clients! It is our pleasure to reward and acknowledge you and your contributions. The process is easy and so is earning your reward! Visit vensure.com/engage and follow the instructions on the page.

Elevate Your Income

Once you submit a qualified referral, an assigned specialist will work with the referred business to close the deal. If they start using our solutions, you will receive a referral bonus based on the payout amount for the particular solutions referred. You can refer a client for multiple solutions and receive a payout for each one that closes!

Not only will you receive a payout when your referral closes, but you also have the opportunity to earn prizes for simply **submitting** a referral with our Engage Bonus Board!

Each square comes with a payout! After you submit a qualified referral, your name will randomly get added to a square on the Bonus Board and you'll have a chance to earn a prize! Prizes will be rewarded once the square is filled in.

Earning Referral Income

Prizes will vary by square and, as more referrals are submitted, the Bonus Board fills in! The more often you submit qualified referrals, the more chances you have to win! Multiple referral submissions will get your name on the Bonus Board multiple times.

The Bonus Board will reset each contest period, or once the board fills up.

**Disclaimer: You can only get on the Bonus Board one time per referred business. You cannot get on the Bonus Board multiple times if multiple services are referred for one company. However, you will still receive the appropriate referral bonus for each closed solution you referred for each company. Employee must be employed at the time of distribution for all prizes.*

PEO Services

Overview

PEO stands for Professional Employer Organization, and the relationship is often referred to as a co-employment relationship. Through this relationship, our clients delegate some of the most distracting parts of their business. This relationship bundles payroll, HR, benefits administration, and safety and risk management into one complete solution.

Value Propositions

- › Makes running a business and managing employees much easier
- › Allows a business to focus on what they do best
- › Protects a business with necessary attention to payroll, HR, benefits, and safety requirements and responsibilities
- › Dedicated service experts help navigate clients through the many responsibilities they have

\$50/FTE WSE with a \$4,000 Cap

HCM Services

Overview

HCM stands for Human Capital Management and is similar to PEO services but with less liability for Vensure. Whereas PEO clients are “co-employed” with Vensure, the HCM relationship is strictly consultative. Vensure still provides support with payroll and payroll taxes, HR, and safety administration and consulting.

Value Propositions

- › Vensure’s HCM services offer access to our customizable, enterprise-level HR technology and service.
- › This service simplifies administrative processes, mitigates risk, and lowers operational costs.
- › This service offers the tools for our clients to stay on top of payroll and HR responsibilities.

\$25/FTE WSE with a \$2,000 Cap

Payroll Services

Overview

Vensure offers payroll processing and payroll tax services as a comprehensive payroll solution to various business needs. Payroll services include real-time access to the information employees rely on, such as online payroll service, payroll tax, and other payroll processing needs.

Value Propositions

- › No need to schedule time off or vacations around payroll
- › Ability to leverage industry-leading technology to ensure payroll accuracy, reporting, and efficiency

Referral Payout on Close

\$10/FTE WSE with a \$1,000 Cap

EOR Services

Overview

Vensure Division Partner, Lightsource Global Business Solutions, provides a fully compliant U.S. presence for international companies. This allows clients to hire employees across the country without the hassle of establishing an office. This comprehensive solution also gives clients the opportunity to quickly employ workers anywhere, across all 50 states, while we manage the risk and responsibility on their behalf. Whether a client is looking to place a single employee or if they want to hire several multistate workers across various industries, Lightsource Global Business Solutions can help and take on the role of Employer of Record (EOR) for the client.

Value Propositions

- › Clients can expand their business without creating more administrative burdens across the United States
- › Establish a broader footprint without overhead expenses
- › Remove the burden of employer tax liabilities
- › Overcome state and federal compliance challenge
- › Ensure all human resources requirements are met
- › Create a quality experience for all employees

Employee Solutions

Overview

The Employee Solutions offered through Vensure are a group of solutions made available to the employees of current Vensure and Vensure Division Partner clients as value-added offerings to enhance their employment experience, receive discounts, and make their lives easier. These solutions are specifically for the employees of our clients and current internal Vensure employees.

Identity Theft (\$100 with a 10 EE participation minimum)

Vensure client employees can access identity protection services. This service can protect individuals and families if their personal and private information is compromised, as well as assist in the recovery process.

Employee Earned Wage Access (\$0 referral payout)

Vensure client employees can access wages they have earned before payday. When an employee has the need for income and cannot wait until payday, this solution allows them to have immediate access to earned wages with real-time payments.

Pet Insurance (\$0 referral payout)

Pet insurance is health insurance for your pet. Vensure offers plans that cover through reimbursement the costs of treating unexpected injuries, illnesses, and veterinary expenses.

Employee Solutions

Personal Insurance Lines (\$0 referral payout)

Vensure offers coverage in several personal insurance-line areas including homeowners, auto, renters, boat, recreational vehicle, personal property, and personal excess liability.

Legal Services (\$0 referral payout)

Vensure offers legal plans for individuals and families for expert advice in legal matters including buying or selling a home, getting married, caring for elderly parents, and creating a will.

Debit/Pay Cards (\$0 referral payout)

Through Vensure's partners, an employee can have their payroll wages deposited directly into a paycard or debit card account. The money can easily be accessed by using checks or debit/credit card.

Abenity Perks (\$0 referral payout)

Vensure offers employee perks through our partner, Abenity. These perks include private discounts and corporate rates on everything from pizza to movie tickets to oil changes, car rentals, and hotels. There are thousands of discounts to be taken advantage of across more than 1 million redemption locations.

Car Rental Discounts (\$0 referral payout)

Vensure offers an exclusive discount program to receive the best car rental rates with Avis and Budget car rental companies.

Employee Solutions

Roadside Assistance (\$0 referral payout)

With 24/7 coverage nationwide, our clients can benefit from roadside assistance. This solution provides real-time tracking, instant dispatch, and access to service across the country. Clients can have peace of mind knowing that we can help get them back on track anytime and anywhere! This assistance can cover anything from emergency towing and flat tire service, to fluid delivery and lockout assistance.

**Disclaimer: Not all solutions are eligible for a referral payout or a spot on the Bonus Board. Non-eligible services are indicated by a \$0 referral payout.*

Traditional RPO Recruiting

Overview

The traditional Recruitment Process Outsourcing (RPO) recruiting model is tailored to meet the needs of our clients and makes talent acquisition more cost-effective and efficient based on targeted needs. This type of recruiting is quite often used for projects or mass-hires. The RPO model can source candidates based on requirements, screen them, conduct live calls with them, etc.

Value Propositions

- › Helps source candidates through personalized emails, strategic text campaigns, or even live calls.
- › Sources candidates based on specific requirements and will deliver resumes only of those who are a fit.
- › Offers a highly affordable and professional approach to recruiting top talent.

Hirefinder

Overview

Hirefinder implements an active recruiting strategy centered around particular requirements, ensuring the delivery of qualified candidates. This is designed for small and medium-sized businesses and assists with the recruiting process from creating postings to selecting the perfect fit for open position(s).

Value Propositions

- › This is a great recruiting solution for small and medium-sized businesses.
- › This solution can be fully customized on a per-client basis.
- › Provides a strong flow of candidates per month (pricing is based on a monthly contract).
- › Can deliver savings of up to 35% in recruiting costs.

Overview

HRO is a Human Resources Outsourcing model for clients only needing or interested in HR support. We provide client HR consultation and work with them through the employee lifecycle, from recruiting to exit. We learn about our clients and their business objectives to create strategies that help them meet their goals. Whether we are examining compliance matters, company culture, learning and development, HR, or business trends, our representatives serve as partners to your business.

Value Propositions

- › Multiple options and tools to address HR needs within your organization.
- › Dedicated HR professionals who can consult and guide on foundational, administrative, and strategic HR initiatives.
- › Support with federal, state, and local mandates.
- › Assistance with reshaping company culture, driving engagement, and improving performance.
- › Support with creating or organizing strategy for human capital alignment to business goals.

Alternative Workforce Solutions

(also known as Business Process Outsourcing or BPO)

Overview

Through our partner Solvo, Vensure's Alternative Workforce Solutions provide a client with employees based in Latin America. These, often bilingual, college graduates help our clients grow their workforce as an alternative to traditional recruiting processes that can be difficult to address in a timely and cost-effective manner. This is a great option for companies that are looking to fill positions that can work remotely.

Value Propositions

- › New hires are often bilingual and have at least one college degree.
- › Hiring “nearshore” talent is much less expensive than traditional U.S.-based employees.
- › New hires are dedicated to the client company and are their employees, not a shared resource.
- › Employees can fit in or mirror any time zone requirements.

Global Services

Overview

This solution helps international clients expand into the U.S. easily and effectively. We offer a wide range of customizable service options tailored to the individual needs of foreign business owners. This includes visa and immigration support, entity formation, market research, and much more!

Value Propositions

- › Expedited American expansion and strategize for success.
- › We offer the complete expansion package—consistent support, guidance, and more.
- › We help remove the burden of hiring U.S. employees by assisting with the recruitment process.

VensureHR Staffing Alliance

Overview

VensureHR Staffing Alliance was created exclusively for the staffing industry, and is an ecosystem that addresses all aspects of operating a staffing business. The expertise behind this service will help free each client from the responsibilities and risks associated with managing their own HR program, administering payroll, and remaining compliant. When working with VensureHR Staffing Alliance, clients will have a customized solution that allows their business to function effectively and efficiently. These clients will have access to a team of experts who understand the industry and its operations, while allowing the client to focus on increasing revenue for their business.

Value Propositions

- › Streamlined payroll, HR, hiring, and onboarding processing.
- › Customized employee benefits and insurance products.
- › Increased profitability through provided job orders in the Vensure Supplier Network.
- › Optimized workers' compensation and risk management programs.
- › Robust recruitment process outsourcing (RPO) and business process outsourcing (BPO) opportunities and solutions.

Back Office Staffing

Overview

Sunset Cove Solutions is a part of VensureHR Staffing Alliance (VSA) and provides a full suite of back office solutions that are cost-effective and can integrate with any software. They work just like an internal employee at the company and will handle everything from payroll to invoicing. These solutions can be customized for a staffing business of any size and VSA (Sunset Cove) will handle everything from payroll to reporting. Our staffing clients can have peace of mind knowing that their back-office administration is being handled by experts and that they are compliant with all labor laws.

Value Propositions

- › Allows business to focus on their operations and clients.
- › Accurate reporting available to back office staffing clients.
- › Streamlined payroll processing to make business easier.
- › Staffing clients have the opportunity to gain valuable business insights through these solutions.

Workers' Compensation

Workers' compensation insurance helps protect businesses and their employees from financial loss when an employee is hurt on the job or gets sick from a work-related cause.

Employment Practices Liability Insurance (EPLI)

EPLI stands for employment practices liability insurance and is specialized insurance designed to protect clients against losses that can come from litigation and wrongful employment practices claims.

General Liability

General liability insurance is a broad type of insurance policy that provides liability coverage for general business risks like bodily injury or property damage on the business premises or due to business operations.

Commercial Auto

Commercial auto covers a "commercial vehicle," used or maintained for the transportation of persons for hire, compensation, or profit primarily for the transportation of property (for example, trucks and pickups).

Employee Benefits Consulting

Brokerage Services

Overview

PEO or Payroll/HCM clients may be better positioned to have competitive benefits from open market plans. Clients can outgrow a Master plan often resulting in Vensure or a related Division losing a client to outside brokers. The brokerage serves a key role in helping Vensure or related Divisions to retain the client on PEO or Payroll/HCM. The goal is to educate the client on many additional options to finance healthcare and provide affordable solutions to clients that are available in-house and on the market today. No need for counsel from an outside broker.

Value Propositions

- › Thompson Risk educates employers how to leverage direct to provider solutions that bring providers direct to the employer, resulting in driving down costs while also helping employees obtain services directly.
- › The Thompson Risk team is nationwide, licensed in all 50 states, appointed with over 100 carriers and currently providing comprehensive major medical to over 250,000 lives in the US. The combined leverage at scale offers world class options for clients to explore that they could not get on their own. The brokerage even has created it's own proprietary programs you cannot obtain elsewhere.

Overview

AIMM is a team of nurses and doctors who help people navigate two complex ecosystems: the health care delivery system and the health plan/insurance system. Ensuring that the right patients are getting the right care at the right time in the right place helps ensure the right price. Helping patients access objective data about the gold standard of clinical care, the highest quality providers and facilities, and what costs to expect (and how to mitigate them) brings both peace of mind and unparalleled support to people experiencing any health issue.

Value Propositions

- › Being sick can be scary—this resource and support helps alleviate that fear.
- › Improves the quality of care that people receive.
- › Helps people to be better able to afford the care they need.
- › Helps people overcome any barriers that they encounter.
- › Helps people navigate complex and cumbersome systems more easily.

401(k)

Overview

Our clients do not have to look outside of Vensure to secure a valuable retirement plan. Employees often rate a 401(k) among the top three most valued employer benefits, and we offer plan options that meet state requirements and help attract and retain top talent.

Value Propositions

- › The 401(k) PEP plan is one of the lowest cost 401(k) options available.
- › Through this plan, our clients will have a dedicated 401(k) advisor assigned to their plan to help with any questions or concerns they may have.
- › The 401(k) PEP plan is 100% integrated and connected to the client's payroll, no matter the platform.

Additional Employer Solutions

Employer Funding Solutions (\$50 referral payout)

Vensure clients have access to money to help them meet payroll deadlines or acquire working capital. Invoice financing, also known as invoice factoring or accounts receivable financing, is the process of selling a business's invoices for immediate access to cash.

Employment Screening (\$50 referral payout)

Employment screening helps businesses confirm their new or prospective hires are the right fit for the job. Types of screening include background checks, substance testing, and background investigations into applicants' personal lives via social media.

Work Opportunity Tax Credit (\$0 referral payout)

Work Opportunity Tax Credit (WOTC) is a federal tax credit available to private-sector businesses, rewarding them for every new hire that meets eligibility requirements. The government program has identified nine target groups that have historically faced significant barriers to employment and offers participating companies between \$2,400 – \$9,600 per new qualifying hire.
